

## Registrations are now open for FREE Youth Mental Health First Aid training for Gippsland Sporting & Community Clubs

The Rotary Club of Traralgon is delighted to partner with local sponsors to present the:

### **Rotary Club of Traralgon Youth Mental Health First Aid Training Program**

The Youth Mental Health First Aid Training (YMHFA) Program is aimed at supporting young adults and youth in the Gippsland area. To achieve this aim, training will be directed to administrators, leaders, coaches and referees in our local sporting & youth focused community clubs such as Scouts – in other words, those who deal with young people on a regular basis.

We are planning for the rollout to commence in February 2020.

In order to plan for delivery, we are now taking registrations of participants for upcoming dates via our Eventbrite page below. **Please note: Registrations should be completed by an administrator or endorsed representative of the club or league, not by individuals**

For more information regarding this initiative, please see our [YMHFA page](#) on the Rotary Club of Traralgon webpage

We also have a [Facebook page](#) which you can follow for regular updates

All course registrations must be made by a club administrator/representative via our [Rotary Club of Traralgon's Eventbrite page](#)

All enquiries can be directed to: [secretaryrotarytraralgon@gmail.com](mailto:secretaryrotarytraralgon@gmail.com)
